Dahlia Roots

Price List 1936

E. H. LOMBARD

Portland Road

Saco, Maine

INFORMATION

In presenting my 1936 Catalog I take this opportunity to thank my many customers for their liberal support in the past and hope I may serve them again as well as many new customers. I personally put up each order and carefully inspect each root sent out. I guarantee all stock to be true to name and in good condition. My Dahlias are grown without forcing, with sufficient potash in the soil to insure strong roots. Instead of issuing a wholesale price list as I have in the past, I have made catalog prices as low as possible at which first class stock can be sold.

Consider ordering as early as possible as the stock of some varieties is limited. I start shipping March 5th if weather permits, but will ship any specified time after that date. Directions for growing and keeping the roots over winter sent with each order.

All orders over \$1.00 sent postpaid; for \$1.00 or less add 15 cents for postage.

Terms : Cash with order or one-third of the amount with order and balance before shipping date. Remit by check, post office money order or registered letter.

I do not substitute unless requested to do so, but would suggest naming two or three as second choice when ordering late in the season.

Reference, York National Bank, Saco, Maine.

The Dahlia Classifications in this Catalog are the new form adopted by the American Dahlia Society. The abbreviations are as follows : "C" Cactus, Incurved, Re-curved or Straight ; "S-C" Semi-Cactus ; "FD" Formal Decorative ; "ID" Informal Decorative.

- Avalon, I. D.**—Clear Canary Yellow. Very distinct and pleasing, producing a good plant which bushes well and blooms freely. Flowers are centered on long erect stems. Thin out and disbud for 8 to 9 inch flowers. One of the best of its color20
- Amun Ra, F. D.**—This is an immense Decorative of an entirely new formation. The outer petals are of a gorgeous shade of copper and orange, shading to gold and amber, and deepening in the large, full center to a rich, dark, reddish bronze25
- Barbara Redfern, I. D.**—This is one of the biggest and most perfect Dahlias ever grown. Color is a delightful blend of old rose and old gold34
- Buckeye Bride, I. D.**—Geranium pink to soft salmon. From the standpoint of performance and the perfect pose of its flower on long stems it is far ahead of all other varieties. Introduced in 1930, Buckeye Bride is now known and grown by dahlia growers everywhere and will be for many years more60
- Bagdad, I. D.**—An immense flower of flaming scarlet-red borne on long stems high above the plant. An ideal grower and a prolific bloomer. Winner in two New Jersey shows as best Californian, and both awards were in hotly contested classes. Highly recommended for those who want rich, bright color either for exhibition or in the garden50
- Ben Wilson, F. D.**—A fine variety with large flowers on good stems. A full Decorative with heavy petals of a bright buff, heavily shaded rich red and tipped yellow. Good plant for garden or exhibition32
- Champoeg, F. D.**—The color effect of this Dahlia is like a sunrise with the base of the petals an amber gold shading to a bright rose pink near the outside of the flower, then back to golden amber. A consistent prize winner in every show of any importance in the east, and many times came out with the sweepstakes and other leading prizes50
- Color Sergeant, I. D.**—The color is a rich, deep salmon bronze. It is a good, strong, upright grower, of perfect stem, resistant to insects50
- Countess of Lonsdale, C.**—One of the first and still the most popular of the English garden Cactus Dahlias. Fair size flowers of an attractive blend in colors of rich salmon pink, amber and apricot24
- City of Trenton, I. D.**—An Autumn colored Dahlia defying adequate description. The face of petals, a rich glowing tangerine, reverse crushed strawberry red. The petals curl gracefully, giving a two-tone effect and creating an impression of whorls or tongues of flame radiating from a full center40
- Col. Charles A. Lindbergh, H. C.**—A huge Hybrid Cactus of a beautiful rose "du Barry" shade, overlaid and suffused with old ivory, shading off to pale gold at center. Reverse of petals light carmine pink. An early and free bloomer37
- Dwight W. Morrow, I. D.**—A gigantic red Dahlia that is admired by everyone. Not only does the size and form of bloom make all who see it ardent admirers, but its richness of color makes it one of the most spectacular Dahlias80
- Earl Williams, I. D.**—An essentially attractive variegated variety whose flowers are of large size, of splendid formation of a brilliant crimson scarlet color. Each petal is tipped with white35

- Edna Ferber, S. C.**—Hybrid Cactus; the extreme size and beauty of this flower attracts attention wherever shown. The petals are curled and twisted, forming an extremely full flower held erect on fine stems. Color glistening coral, shading to old gold at base of petals50
- Elinor Vandever, F. D.**—An incomparable Dahlia of exquisite beauty and great size, having every desirable quality. The large blossoms are of a glowing satiny rose pink23
- Eagle Rock Wonder, S. C.**—For tremendous size and perfection of form we have grown no variety that will surpass this one. The color is orange shading to orange-buff with tints of coral pink, giving the effect of a bright autumn colored Dahlia. Plants grow very tall and produce many flowers with long stiff stems55
- Eagle Rock Beauty, I. D.**—A more beautiful combination of pink and cream than is displayed in this glorious creation would be difficult to imagine. It is in a class by itself and unanimously admired by all who have seen it38
- Fort Monmouth, I. D.**—One of the giants of the Dahlia world. The predominating color is a rich crimson maroon, with shading of bluish violet at tips of petals. The flowers are well formed and of true Semi-Cactus type of immense size55
- Fordhook Bridesmaid, I. D.**—A real beauty with flowers of lovely amaranth pink, shaded white, especially toward the base of the petals. Fine strong stems and very large blooms28
- Fordhook Sweetheart, F. D.**—Lovely tones of delicate pink blending with a sheen of salmon and pale yellow all on a white ground35
- Girl of Hillcrest, I.D.**—A 1932 introduction of unusual merit. Color brilliant Mikado orange. Blooms average 10 inches across, of great depth borne on long stiff stems65
- Golden Emblem, F. D.**—One of the finest, largest, purest deep rich golden yellow Dahlias in existence. A clear golden yellow without shading or trace of any other color38
- Glory of Monmouth, F. D.**—A wonderful garden and exhibition variety of cosine pink shading to strawberry pink at center of petals, base of petals a light orange33
- Harry Strutt, C.**—A large clear spectrum red. One of the most reliable red Cactus Dahlias yet produced and the most satisfactory34
- Helen Ivins, F. D.**—Large well formed orchid lavender or light rosolane purple. Stems are extra long and the variety is strong and vigorous and free flowering33
- Indian Dawn, S. C.**—A bright glistening golden yellow, illuminated by a bright glowing scarlet, early and free bloomer, good stems. A showy and beautiful blending of bright colors, good cut flower Dahlia32
- Ida Perkins, F. D.**—An all around white Certificate of Merit Dahlia with fine form and full centers on erect stems. Blooms early and continuously on plants covered with dark leathery foliage. Good for cutting35

- Indiana Moon, F. D.**—Color, flesh ocher, flushed pink, salmon and gold. Huge flowers of color, beauty and form on a vigorous, beautiful plant with disease and insect resisting foliage. A 1932 introduction bearing high endorsement of Eastern growers50
- Judge Marcan, F. D.**—Very large flower of perfect type and difficult to describe. Produced on strong stiff stems. A blending of glowing salmon, pink, red, iridescent orange, yellow and pure gold. One of the most beautiful Dahlias ever created, and should be in every garden34
- Jane Cowl, I. D.**—An ideal Dahlia, fairly tall with vigorous dark green leathery foliage; straight, strong stems holding monster blooms of glistening bronzy buff and salmon shades proudly aloft with a beauty that stops you and makes you look again27
- Jim Moore, I. D.**—One of the outstanding new Dahlias of 1930. The color is a clear primrose yellow shading to gold, with tints and flushes of salmon throughout the flower. The stem is long and strong, holding blooms facing50
- Jersey's Beauty, F. D.**—A perfect bloom of erosine pink, carried high above the foliage on a long, wiry stem, a perfect true pink; wonderful keeper when cut, therefore good as an exhibition variety or for commercial purposes30
- Jersey's Beacon, F. D.**—As an exhibition flower it has few equals in its color, but as a garden variety, it is even more spectacular. The color is Chinese scarlet, with a paler reverse giving it a two-toned effect24
- Jersey's Sovereign, I. D.**—A shade of color that few can describe. According to Ridgway's chart it is a salmon-orange. A very vigorous grower with dark foliage24
- Jean Trimbee, S. C.**—This beautiful Dahlia is a native of Canada and exhibited at Toronto for the past two years. The flowers are very large, many over 12 inches, and a beautiful rich petunia violet in color. It has a strong, vigorous habit and the large attractive flowers are produced very freely68
- Jersey's Mammoth, I. D.**—Huge flowers of rich golden mahogany. Truly a monster and recommended only to those who want the very largest blooms40
- Kemp's Violet Wonder, I. D.**—The best violet—a rich naphthaline violet, underlying it royal purple and on the back bluish lavender. The blooms come up to 9 inches across and 6 to 7 inches deep50
- Kathleen Norris, I. D.**—Gigantic flowers of rose pink slightly paler in center. A very full and deep flower borne on long, stout stems. A distinctively beautiful flower that stands right up to be seen and admired50
- Karl Bonawitz, S. C.**—The entire makeup of this Dahlia will appeal to the artistic. It has sufficient size to assert itself while the form, color, and keeping qualities make it graceful, as well as useful. It comes the nearest to developing a perfect bush without topping or disbudding of any Dahlia we know, just naturally branches and produces perfect and uniform blooms on long erect stems. It responds, however, to disbudding, and will give you stems up to 4 feet in length. Color is a brilliant, velvety carmine62

- Kemp's White Wonder, I. D.**—This sensational white Dahlia is a seedling of Ft. Monmouth. The giant blooms are pure white with long twisted and curled petals; many blooms, measure 12 inches across by 8 to 9 inches in depth. Stems stiff and erect. Foliage thick and leathery-like and very resistant to injury from insect attacks; good root maker80
- Kentucky Red, I. D.**—Flaming scarlet-red like Bagdad, stands sun without fading. A medium bush with particularly attractive foliage. A 1931 Certificate of Merit and Honor Roll Dahlia75
- LaFiesta, I. D.**—Another monster of a distinctive new type, having the appearance of a hugh chrysanthemum. Color, butter yellow, penciled red, 12 x 8. Perfect growth. Winner Am. Home Achievement Medal, Los Angeles, 1931. Winner in seedling classes, 1932, at New York, Camden and Richmond 1.00
- Myra Howard, I. D.**—Glowing combination of saffron and gold with tints of salmon, the entire effect being ochraceous orange. Fine form and color. Wonderful plant and a thrifty grower producing giant blooms on long, rigid stems. A prize winner at Eastern shows75
- Minnie Eastman, S. C.**—Color, bright flame with undershavings of deep yellow. Large flowers on perfect stems. Good grower and excellent for exhibition. Won prizes at Baltimore, Washington, D. C., and Fairmount, W. Va.30
- Monmouth Champion, F. D.**—This great Dahlia compares favorably with Fort Monmouth, Violet Wonder, Jane Cowl, Kathleen Norris, and other top notchers of recent introduction. It instantly found favor with all who saw it in our gardens and the show rooms by its great size, and brilliant orange flame color that fairly glistens from its own color50
- Mrs. Alfred B. Seal, F. D.**—Undoubtedly the largest and finest pure, rich, glowing old rose Dahlia ever produced. The flowers are huge, and of great depth and substance, and are held proudly erect above a fine strong, tall bush, on long, stiff stems50
- Mrs. Ethel F. T. Smith, S. C.**—Creamy white, shading to a lemon tint in the center. A very large Dahlia24
- Mrs. I. de ver Warner, F. D.**—It is a refined, deep, mauve pink, beautifully formed, exquisite shade, and acknowledged by all Dahlia experts who have had the pleasure of growing it to be one of the finest Dahlias ever produced22
- Margaret Woodrow Wilson, I. D.**—Is an exhibition type, Decorative, of large size and great beauty. Color is opalescent pink. Face of petals creamy white, reverse phlox pink, the reflection from reverse petals giving the whole flower an opalescent effect23
- Marmion, F. D.**—Color is pure golden yellow with bronze suffusions on the reverse of petals, and the deeper bronzy tone on the high, full center and outline of same shade around each petal enhances the beauty of the flower and gives it an unusual appearance30
- Nature's Masterpiece, I. D.**—A rich combination of old rose, cinnamon and metallic bronze blended into one color, suffused with mulberry. Large flowers on good stems34

- Nellie Austin, I. D.**—Peach red shot with buff yellow, giving the flower a bronze effect. Blooms heavy with a small, curled, buff yellow petal, appearing at the base of each large petal. Flowers large, of perfect form, on long, erect stems standing high above the foliage on a tall plant38
- Omar Khayyam, F. D.**—This much admired Dahlia was certified with one of the highest scores at Storr's Trial Grounds. The unusual coloring is a Chinese red at the base of the petals, shading to bright orange and tipped lighter, making a wonderful soft color effect. It is a tall, healthy grower with strong foliage and, incidentally, a good root maker50
- Pansy G. White, S. C.**—Pure shade of golden yellow originating in Kentucky. It is the most attractive gardening flower due to its free habits and upright growth. A Certificate of Merit from Storr's Trial Gardens, and making the Dahlia Roll of Honor were among its accomplishments75
- Papillon, S. C.**—A wonderfully improved George Walters. A beautiful shade of old rose with golden lights, but decidedly different in coloring from the Hybrid Cactus which it resembles closely in type and size24
- Penn Charter, F. D.**—A very attractive well center and stem. Color is a clear golden yellow, tinted apricot and is a deep, massive, graceful flower. Plant tall and vigorous with large thick leaves45
- Prince of Persia, I. D.**—Without exception the very finest red Dahlia we have ever had. The immense flowers, frequently a foot in diameter, are of the deepest, most iridescent, rich glowing crimson, like the petals of a rose, rather than a Dahlia; of great depth and substance, and carried perfectly erect on exceptionally long, stiff stems. The bush is of a most vigorous growth and very tall, so that the Prince of Persia looks down on the average Dahlia in a truly royal manner50
- Queen of the Garden Beautiful, F. D.**—It is a large primrose yellow with a strong stem, perfect type. A flower that fulfills the dream of Dahlia lovers50
- Roman Eagle, F. D.**—A flower that is typically an autumn shade, which has helped make the Dahlia "King of the Autumn Season." Large exhibition Decorative of a flaming, brilliant, burnished copper color24
- Rose Fallon, F. D.**—Most wonderful flower of enormous size, held erect on straight, strong stems; this magnificent bloom is a beautiful color of deep old gold of the finest type27
- Saladini, F. D.**—This is one of the truly outstanding Dahlias, its strong points being reliability of bloom, profusion and sturdiness of growth. A clear apricot orange. Buckeye Bride is the only variety that equals Saladini in cut-flower production35
- Sanhican's Queen, F. D.**—A Dahlia of unusual color, described as honey-dew, which is a blending of apricot with a faint blushing of carmine rose, deepening towards the center. Stems are absolutely perfect being strong, stiff and canelike and holding the flowers in a proud and showy manner35

- Satan, S. C.**—Flaming red with a slight touch of gold at the center. The exquisite coloring is at once fascinating, but what formation and stems! The horn-like petals, so perfectly rolled and incurved, give rare form and character to a flower of unusual brilliancy. The rugged, almost leafless, stems give the impression of being nearly as thick at the top as at the base. No Dahlia in existence, we believe, is more sensational and spectacular than this giant Cactus. Wherever exhibited it becomes the general favorite. At both San Francisco shows last year it was awarded a Gold Medal as the best flower in the Show. At New York it was runner up for largest Dahlia and it won as best flower at several other shows. At Storr's Official Trail Gardens it scored 87 1.10
- Shahrazad, I. D.**—A most regal Dahlia named for the Queen in the Arabian Nights. Color a deep pink. Flowers 10 to 12 inches in diameter with great depth and splendid substance. Fine cane-like stems. Bush tall and vigorous. Easily one of the most outstanding of recent originations58
- Sinbad of the Sea, F. D.**—An extra large, fine flower, borne on long stems; very large and full, vivid red. Especially fine for cutting. One of the best of the red Decorative. A vigorous grower and a very free bloomer50
- Sydney B. Mitchell, F. D.**—A very large flower of rich, deep velvety red almost black in the center shading through carmine to Tyrian rose at the end of the petals. Fine stems. Bushes covered with blooms. A very rich note in the garden, or in any bouquet28
- Susan G. Tevis, F. D.**—This variety trends to the blue tones, but is a bright, rich lilac with bluish sheen. A vigorous grower, producing large, perfect blooms on fine stems through the season32
- Sanhican's Magnate, F. D.**—Pale amaranth pink, base of petals tinged with deeper shade; reverse of petals a solid claret color heavily veined. Free bloomer28
- The Commodore, I. D.**—It is a brilliant lemon yellow, overlaid with a golden sheen. It is simply immense in size, of good depth, and the giant blooms are held high above the foliage, on long, stiff stems. Plants are medium height, wide spreading, of sturdy growth and are tremendously prolific, the plants being literally covered with bloom from early to late. A Dahlia of noble and spectacular appearance. Winner of first prize in the undisseminated Seedling Class at Baltimore, Md., and Red Bank, N. J.65
- The Grizzly, I. D.**—A monstrous, shaggy petaled, dark velvety maroon flower. It's a bear for size and formation. One of California's most famous Dahlias as a prize winner and garden flower30
- Trentonian, F. D.**—Giant blooms on extra fine stems. A plant of medium height bushing heavily and growing vigorously. Very heavy foliage. Color is a blending of reddish bronze, old gold and amber copper50
- The World, F. D.**—The coloring is an unusually rich, deep rosy magenta overlaid garnet with silver shadings on edges of petals. A rich and beautiful combination of colors50

Treasure Island, F. D.—One of the brightest autumn shade Dahlias we have seen. Color, bright apricot with gold and rose suffusion and shadings. Bush growth is strong, branches readily from the ground giving 5-foot stems50

Thos. A. Edison, F. D.—This gorgeous Dahlia, selected and named by permission of the famous electrical wizard, has had its good share of winnings the past season in the West as well as in the East. In the garden it is impressive with its staghorn petal formation, the large, dark green, insect-resistant foliage, cane-stiff stems, thrifty growth, and greatest of all, that color, found in no other Dahlia, which is as hard to describe as to reproduce in color. It may be described as a royal purple50

Virginia Rae, F. D.—A very pretty Formal Decorative of a rich buff orange shade, freely produces large blooms. Good habit of growth, plants medium tall. Stems straight and stiff30

Valentino, F. D.—A Dahlia, attractive in formation which blooms prolifically on good stems and remains true to type throughout the season. The bush is an upright grower. Color, true salmon pink shading to cream at center50

William H. Hogan, F. D.—Color, garnet red with white tips running down the center of the petals; every petal comes true to color. A prize winner and Roll of Honor Dahlia, and one of the best fancy Dahlias on the market. The habits of the plant are perfect38

POMPOM DAHLIAS

Amber Queen—Rich clear amber..... .25

Girlie—Beautiful rosy lavender25

Helen Lambert—Pure yellow..... .25

Snowclad—One of the best all-around clear whites.... .25

Vivid—Rich, brilliant scarlet..... .25
